

Alpesh M Patel - Bio Kit 2022 Spring

Executive Bio

Alpesh's approach to Diversity and Inclusion aligns with his creed "Serve Others to Their Delight," By serving others, we have a mutual opportunity to spark a relationship, examine biases and hopefully defuse many. Alpesh also believes that Diversity and Inclusion must grow beyond policy to Culture & Attitude. When we are welcomed and embraced, we are inspired to raise our game. When we are not welcome, we are hurt and our spirit takes a hit.

Alpesh is now leveraging his experiences and intersecting his passions for DEI+B (Diversity, Equity, Inclusion, and Belonging), serving clients, causes and community with creative problem solving to develop practical solutions for enriching lives. Pivoting his resources and company, eSANGHE's first initiative is SeedingACCESS — a collaborative program that brings businesses, nonprofits, and government agencies together to invest revitalized computers with families in underserved communities. To date, we have delivered more than 575 computers.

Alpesh is a proud member of LeadershipPBC "Most AUTHENTIC" Class of 2016 and has been elected to the Board of Governors. He currently serves on the Board of Leadership Palm Beach County and the Board of Pace Center for Girls PB. He also volunteers his time with various organizations and programs including: Path to College, Big Brothers Big Sisters, KOPMN, Roots & Wings, Pathfinders Awards, Dwyer Awards.
